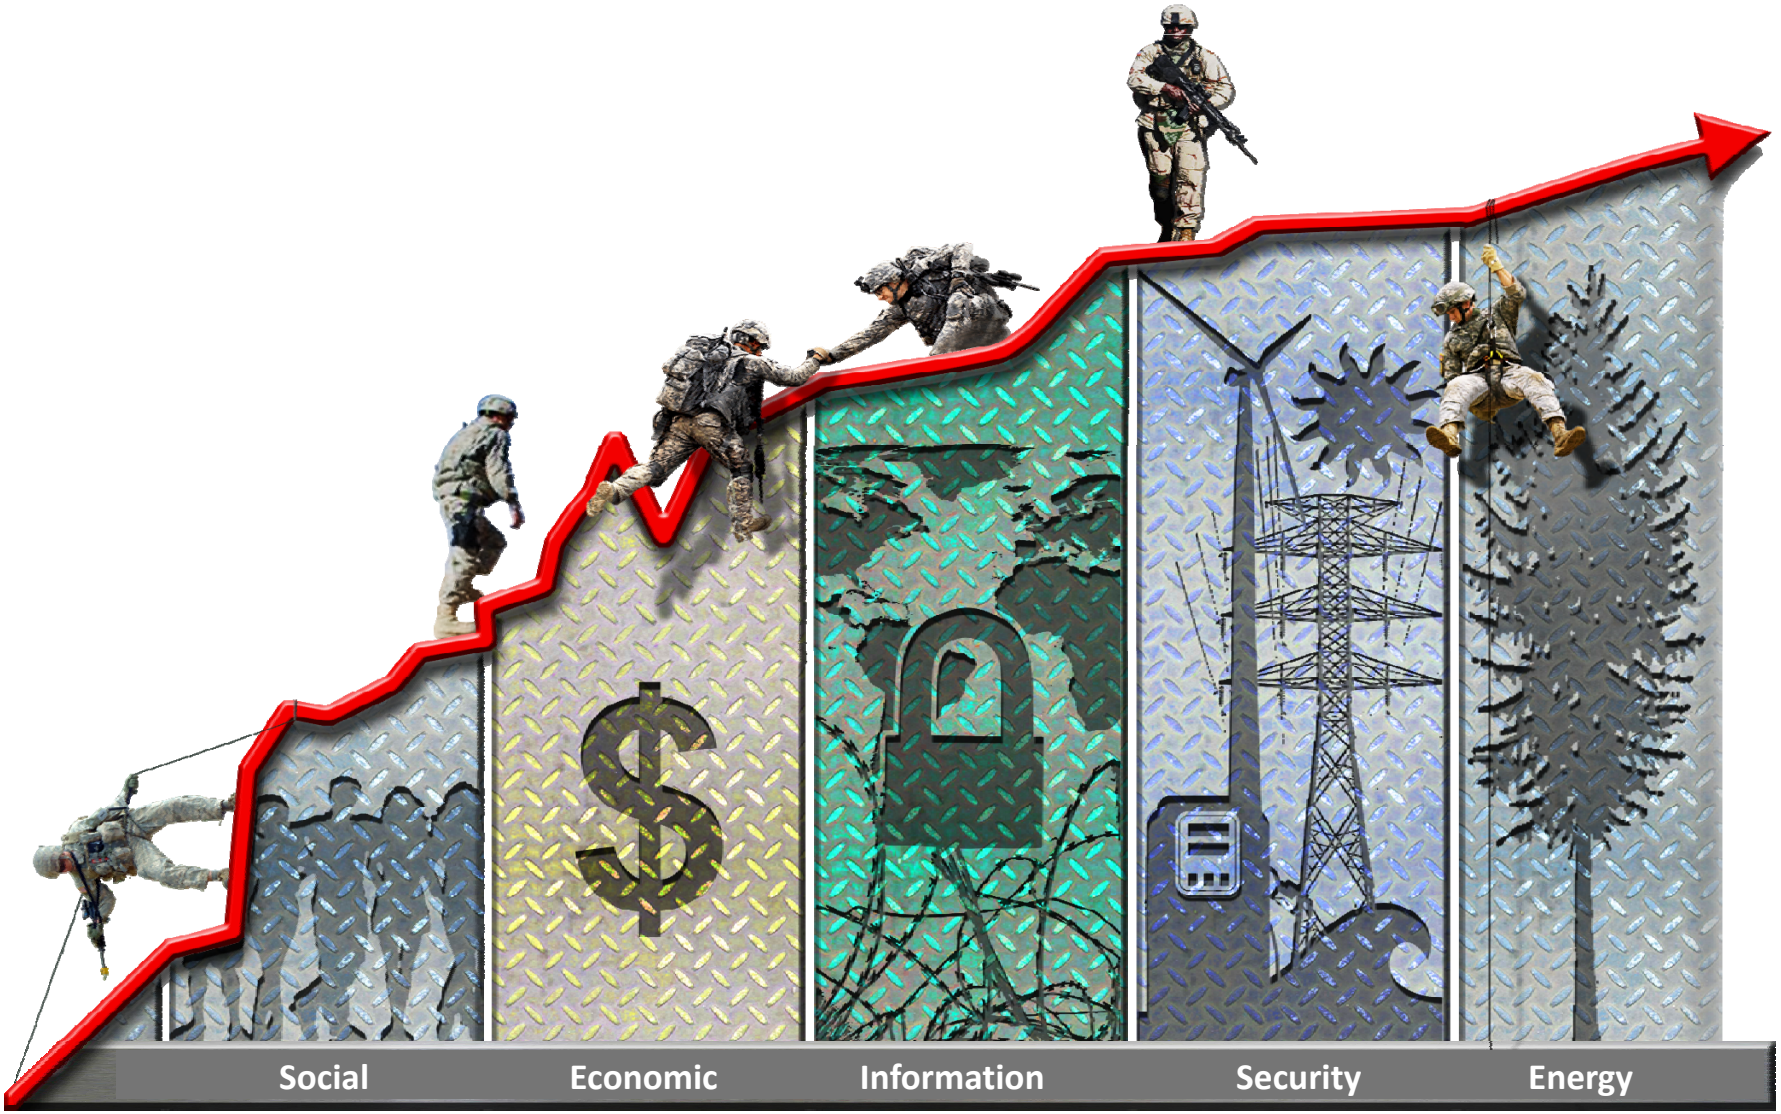
- We are adapting to a changing world

We are your Army!

Challenges



Challenges are many

Adapting to meet emerging requirements

" …reforming and restructuring the Institutional Army – the Generating Force – is critical to building the Army of the future and supporting the forces of today."

The Honorable John M. McHugh
Secretary of the Army
1 March 2011

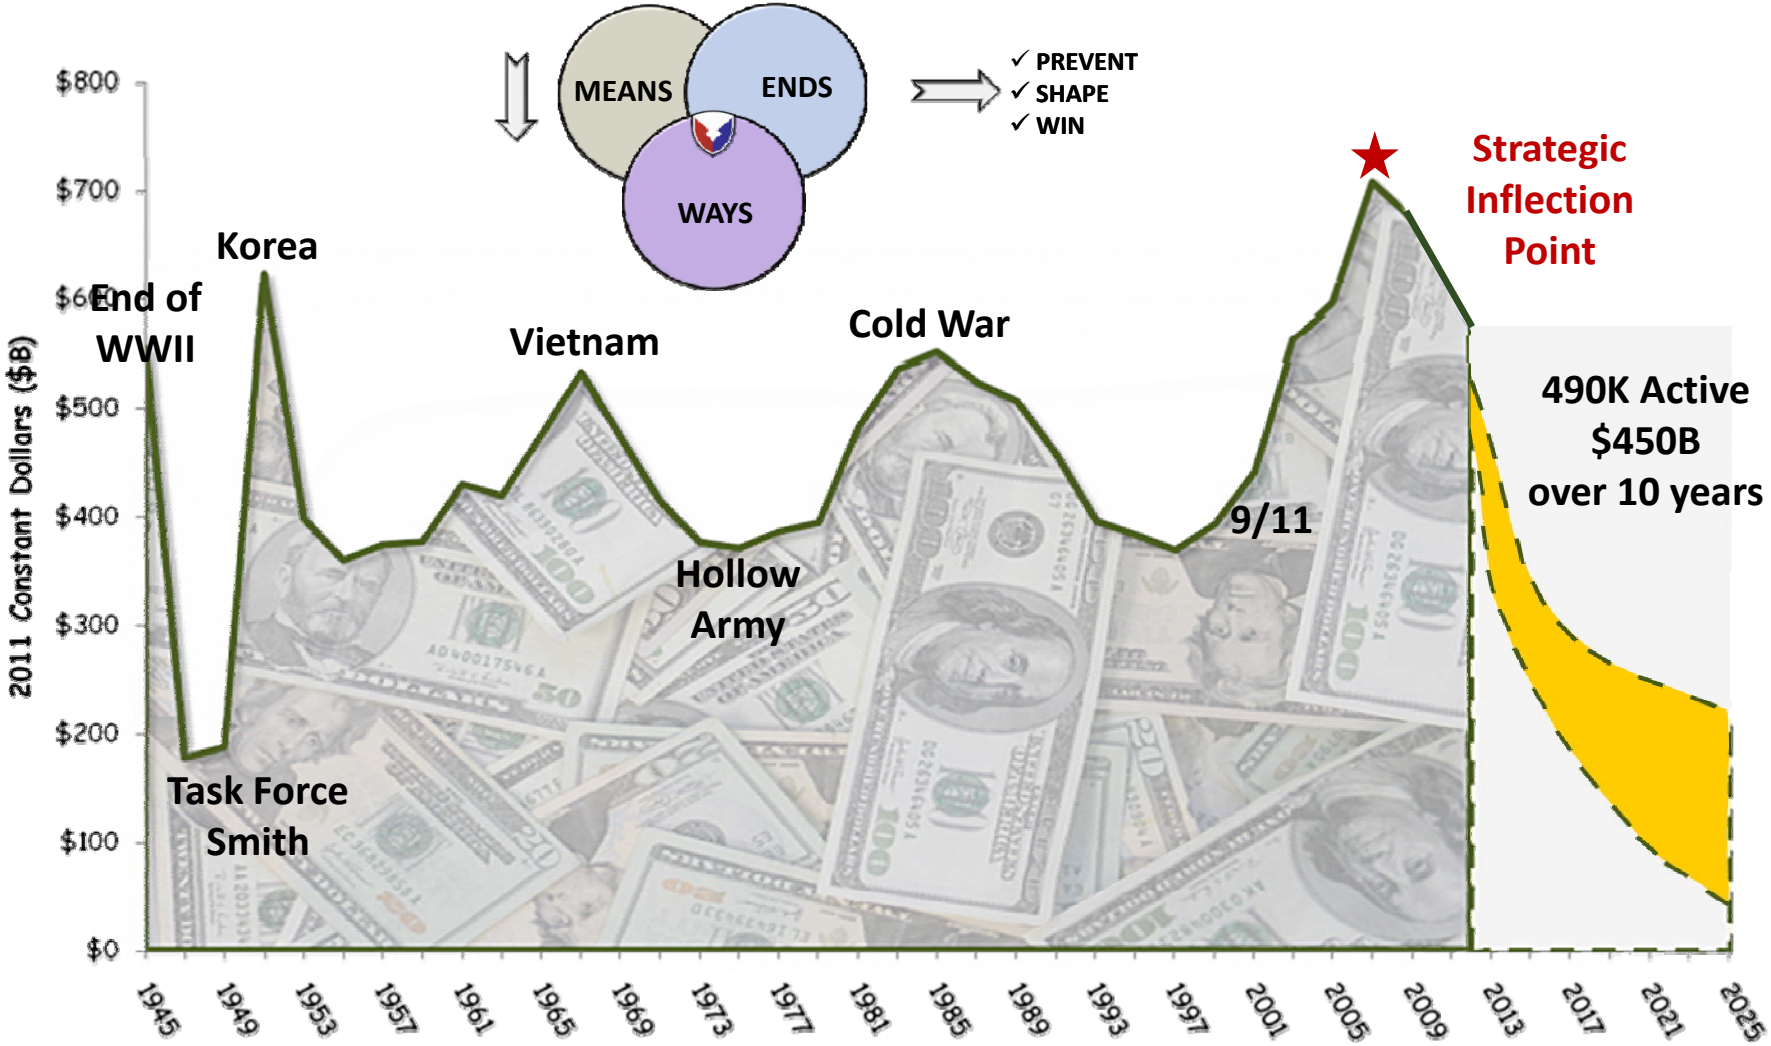
" …as we face an uncertain security environment and fiscal challenges, we know we will probably get smaller, but we must maintain our capabilities to be a decisive force…"

General Raymond T. Odierno
Chief of Staff of the Army
2 November 2011

" … our industrial base facilities are truly our national treasures, providing key capabilities in support of our defense mission today, while preparing for the threats of tomorrow, their mission is enduring…."

General Dennis L. Via
Commanding General, AMC
7 August 2012

Fiscal Challenges



We must adapt to remain ready
