

**RFP W52P1J-12-R-0032 Q&A 4**

**4 June 2012**

**Q1.** Section L of RFP W52P1J-12-R-0032 states for shipments to Philippines and Uganda that we are to provide a ROM for shipment in a 747 aircraft. Is the 747 aircraft a "must use" requirement or is a Russian ANOTONOV 124 RUSLAN aircraft with a 120 ton capacity an acceptable alternative?

**R1.** Due to the need of consistency for evaluation purpose a ROM cost for a 747 is required.
