

The Rock Island Contracting Center (RICC) and the Project Manager, Maneuver Ammunition Systems (PM MAS) will be hosting an Industry Day at Hilton Garden Inn Rockaway, NJ (contact information below) on 14 September 2010 starting at 1:00 Eastern Daylight Time to provide information on our planned acquisition of the Small Caliber Second Source for FY 11-FY15.

This planned acquisition is for the following Small Caliber Ammunition Families/DODICS:

5.56mm Family: A059, A062, A064, A080, AA33, AB56, AB57, AB58

7.62mm Family: A131 and A143

Caliber .50 Family: A555 and A557

In accordance with FAR Part 6.302-3 Industrial Mobilization, this procurement is restricted to U.S. and Canadian Firms - the National Technology and Industrial Base (NTIB). This acquisition will contain provisions to require all items/components to be acquired within the NTIB with the exception of tracer bullets/projectiles and magnesium powder used in tracers. Contractor(s) will be allowed to obtain tracer bullets/projectiles from OCONUS suppliers; those bullets/projectiles would then be assembled, in the NTIB, into cartridges by the NTIB producer.

Approval to use Lake City Army Ammunition Plant (LCAAP) as a place of performance, and/or approval to use Government Property and Equipment on LCAAP will not be granted by the Government for use of this acquisition. However, any Armament Retooling Manufacturing Support (ARMS) related equipment on LCAAP is acceptable for use on this acquisition as long as the appropriate ARMS approvals have been granted.

Interested participants must pre-register for Industry Day by filling out the registration form on the RICC Draft Solicitations/Scopes of Work website (<http://www.aschq.army.mil/ac/aaisdus/Sow.aspx>) under the Small Caliber Second Source heading. No more than four (4) representatives may attend, this will be strictly enforced. Please send the completed registration form electronically to Mr. Randall Slusser at randall.slusser@us.army.mil and Ms. Lana Graw Lana.Graw@us.army.mil no later than 6 September 2010.
