Logistics Civil Augmentation Program Award Fee Board Results

Rock Island, Ill. – The Army Field Support Command (AFSC) conducted additional Award Fee Evaluation Boards in January 2006 in Kuwait and Iraq to determine award fees for Kellogg, Brown & Root on a Cost Plus Award Fee contract under the Logistics Civil Augmentation Program (LOGCAP).

The board met and rated KBR as outlined in the base contract, Clause H-36(l).

H-36 (l) provides that the following adjectival ratings shall be used to describe the level of performance:

1. **EXCELLENT**: Performance is of the highest quality that could be achieved under the contract. There are no areas of deficiencies or problems encountered during the evaluation period. Award Fee Earned range is 82-100 percent of the award fee pool.

2. **VERY GOOD**: Performance is of high quality and approaching the best that could be performed by the Contractor. Work completed greatly exceeds an average performance level. A few minor problems are experienced during the evaluation period without impacting the overall level of performance. Award Fee Earned range is 44-80 percent of the award fee pool.

3. **GOOD**: Contractor exceeds some contract requirements in a manner demonstrating commitment to the program. Work completed is much better than minimum required performance. Areas of deficiency and minor problems are more than off-set by areas of good performance. Award Fee Earned range is 4-40 percent of the award fee pool.

4. **AVERAGE**: Contractor's performance is the minimum required level to meet needs. Areas of good performance are offset by deficiencies and problems, which reduces performance to a level that is minimally acceptable under the contract. Award Fee Earned is zero percent.
