Major Operations

- ASC is the Materiel Enterprise face to the field that results in synchronized & integrated materiel readiness for the warfighter and our Army.
- ASC transforms and adapts through a combination of mission and organizational changes to support the Materiel Enterprise today and in the future.
- Strategic communication synchronizes information and fosters a culture of engagement with our partners & civilian leadership to inform, educate, and build consensus to improve enterprise awareness of our mission, programs, priorities and to acquire the necessary resources.
- Caring for our People involves having a trained and sustainable workforce who maintain a lifestyle balanced between work and family.
- Logistics Civil Augmentation Program (LOGCAP) supports contingency requirements through planning and program management, resulting in quality services to standard.
