

# U.S. ARMY SUSTAINMENT COMMAND

## 405TH ARMY FIELD SUPPORT BATTALION - AFRICA

AFSBn-Africa, headquartered at Leghorn Army Depot in Livorno, Italy, is one of the four battalions of the 405th Army Field Support Brigade.

AFSBn-Africa provides and coordinates receipt, transfer, storage, and maintenance of Army Prepositioned Stocks operations to enable commanders to conduct unified action and the full range of military operations in support of U.S. Army Europe (USAREUR), U.S. Army Africa (USARAF), and Joint Forces.

The site is designated as APS-2 and provides 630,000 square feet of climate-controlled warehouse space (15 warehouses) and about 580,000 square feet of outside storage of assets for several COCOMs.

The battalion manages Army Material Command activities in support of U.S. Army Africa through its assigned Logistic Support Team Africa located at Camp Ederle, Vicenza, Italy.

The stock sites are part of the European Reassurance Initiative and facilitate NATO's rapid deterrence options.
