Information Technology Specialist (CUSTSPT), GS-2210-05 or GS-2210-07 (with promotion potential to the GS-2210-11 level).

Eligibility: Applicants must be a Recent Graduate who has completed a qualifying degree/certificate from an accredited educational institution.

Duty Location: Rock Island Arsenal, Rock Island, IL; OR Ft. Jackson, South Carolina.

Annual salary: \$40,503.00-\$48,353.00, depending on experience and/or education.

Moving expenses may be authorized/paid, in accordance with the Joint Travel Regulations (JTR).

Duties of the position may include:

- Reviewing and researching various IT standards, policies and security regulations.
- Assisting with the preparation of trainings/presentations/briefings.
- Responding to and assisting in the resolution of customer requests.
- Assisting with a wide variety of applications, mobile and fixed IT operating systems, network systems, communications, protocols, and equipment.

How to qualify:

Please visit the following links for full details: <https://www.opm.gov/policy-data-oversight/classification-qualifications/general-schedule-qualification-standards/#url=GS-ADMIN>

- GS-05 Level:
 - Bachelor's degree, OR
 - Three (3) years of general experience, 1 year of which was equivalent to the GS-4 that demonstrates the ability to...
 - analyze problems to identify significant factors, gather pertinent data, and recognize solutions;
 - plan and organize work, AND;
 - communicate effectively both orally and in writing.
- GS-07 level:
 - Bachelor's degree with a combined GPA of 3.0 or better, OR;
 - Bachelor's degree with a GPA of 3.5 or better based on the average of the required courses completed in the major field, OR;
 - 1 academic year of graduate level education (such education must demonstrate the knowledge, skills, and abilities necessary to do the work), OR;
 - 1 year of specialized experience equivalent to at least the GS-05, such as communicating technical information, assisting with the analysis of information systems and applications, and assisting with troubleshooting of hardware and software. Specialized Experience is that which equipped the applicant with the particular knowledge, skills, and abilities to perform successfully the duties of the position, and that is typically in or related to the work of the

position to be filled. To be creditable, specialized experience must have been equivalent to at least the next lower grade level in the normal line of progression for the occupation in the organization.

- **AND for either grade level**, individuals must have IT-related experience demonstrating each of the four competencies listed below.
 - Attention to Detail - Is thorough when performing work and conscientious about attending to detail.
 - Customer Service - Works with clients and customers (that is, any individuals who use or receive the services or products that your work unit produces, including the general public, individuals who work in the agency, other agencies, or organizations outside the Government) to assess their needs, provide information or assistance, resolve their problems, or satisfy their expectations; knows about available products and services; is committed to providing quality products and services.
 - Oral Communication - Expresses information (for example, ideas or facts) to individuals or groups effectively, taking into account the audience and nature of the information (for example, technical, sensitive, controversial); makes clear and convincing oral presentations; listens to others, attends to nonverbal cues, and responds appropriately.
 - Problem Solving - Identifies problems; determines accuracy and relevance of information; uses sound judgment to generate and evaluate alternatives, and to make recommendations.

****Degrees must be in computer science, engineering, information science, information systems management, mathematics, operations research, statistics, or technology management or a degree that provided a minimum of 24 semester hours in one or more of the fields identified above and required the development or adaptation of applications, systems or networks.**

Additional Requirements/Information of the position:

- This position may require the selected individual to obtain a Non-Critical Sensitive, Secret security clearance, and must also be able to maintain it for the duration of employment.
- Recent graduates are defined as graduates who have completed within the previous two years, a qualifying associates, bachelors, masters, professional, doctorate, vocational, or technical degree or certificate from a qualifying educational institution. Veterans unable to apply within two years of receiving their degree, due to military service obligation, have as much as six years after degree completion to apply.
- Some travel may be required.
- This position may be an Army Acquisition and Technology Workforce position, requiring appropriate certification to be achieved within 24 months of entry in the job.
- Position may require completion of necessary training and obtainment of required certifications in accordance with DoD Publication 8570.01-M, Information Assurance Workforce Improvement Program.

Please submit your resume and transcripts (official or unofficial), along with your location preference, to usarmy.ria.asc.mbx.hr-solicitations@mail.mil by 11:59 p.m. CST on **3 May 2019**. Please reference this posting with your submission.
